7P/12V wire harness (ISO 1724 - Type N)

Art.Nr. Part. No.	736668
----------------------	--------

Product group	Wire Harness
Industry	Cars
No. of poles	7
Voltage [in V]	12
Standard	ISO 1724 - Type N
Sort of wire harnesses	Vehicle specific wire harness
Price exclusive of VAT [€]	118.0
Indicator monitoring	Jaegertronic
Activation required	No
Departmention more distance control (DDC)	Automatically
Deactivation park distance control (PDC)	Automatically
LED compatible	Yes (by using the alternative control device with part.no. 321331)
	Yes (by using the alternative control device with part.no.
LED compatible	Yes (by using the alternative control device with part.no. 321331)
LED compatible Socket connection	Yes (by using the alternative control device with part.no. 321331) Pre-assembled
LED compatible Socket connection Connection to vehicle electrical system	Yes (by using the alternative control device with part.no. 321331) Pre-assembled Rear
LED compatible Socket connection Connection to vehicle electrical system Installation time in min. (ca.)	Yes (by using the alternative control device with part.no. 321331) Pre-assembled Rear <60
LED compatible Socket connection Connection to vehicle electrical system Installation time in min. (ca.) Steady plus	Yes (by using the alternative control device with part.no. 321331) Pre-assembled Rear <60 No
LED compatible Socket connection Connection to vehicle electrical system Installation time in min. (ca.) Steady plus Charging line	Yes (by using the alternative control device with part.no. 321331) Pre-assembled Rear <60 No No
